POLICY

1. School Profile

Lalor North Primary School was established in 1971. It is situated in the North Western Victoria Region and is a member of the Whittlesea network of schools. Currently, the school has a population of 285 students from Prep to Grade 6. Approximately 70% of our students come

from homes where a language other than English is spoken. We are proud of the linguistic, cultural and social diversity of our community and our learning programs build on this rich heritage.

The school offers a balanced and comprehensive curriculum designed to provide children with learning opportunities that develop skills and enable them to achieve personal success.

Languages are a strength at Lalor North. Students learn through language and learn about language through our internationally recognised English/Greek or English/Macedonian Bilingual programs. Our school attracts students from beyond our immediate area because of the features of these programs.

The key learning areas of the Victorian Curriculum are enriched by many supportive programs. These include literacy intervention programs, English as an additional language (EAL) programs, sports programs, life education program, music, school choir and swimming and camp programs.

We believe that every child can learn. High expectations establish standards of learning, cooperation, discipline, problem solving and effective work habits. Students are encouraged to be active learners, to think critically and to develop curiosity. They are encouraged to take pride in their academic and personal achievements. Students are also encouraged to take on positions of leadership across their school life. Our Student Leaders and School Representative Council provide authentic opportunities for students to make decisions, take action and contribute to the warm, welcoming, challenging and safe environment in our classrooms and playground.

Lalor North has a commitment to lifelong learning and teachers work in teams to continually improve their skills and ensure that all students achieve. We know that education is a partnership between families and teachers. Parents are always welcome and are encouraged to participate in school activities. Communication between school and home is a high priority and takes many forms.

Our facilities include climate-controlled classrooms, a gymnasium/assembly hall, custom designed art classroom, a canteen, library and music room. The school grounds are large and provide a safe and secure space with 3 shaded playgrounds, basketball, bat tennis, cricket, football and soccer facilities.

2. School values, philosophy and vision

Lalor North School's Statement of Values and School Philosophy is integral to the work that we do and is the foundation of our school community. Students, staff and members of our school community are encouraged to live and demonstrate our core values of respect, honesty, resilience, success and unity at every opportunity.

Our school's vision is to learn and grow together in an inclusive, safe and caring community.

3. Wellbeing and engagement strategies
